Airport Road, Beirut, Lebanon

PROFILE

I am a Data Scientist with hands-on experience and strong problem-solving skills. Passionate about AI and data, currently I am improving my skills in DevOps Engineering, such as AWS, Terraform, CI/CD. I'm seeking for an opportunity to improve my skills.

EXPERIENCE

- **Data Engineer Intern – MacroVision Tech Agency** (Jan 2025 – Apr 2025)
 - Completed intensive training on AWS, Python, Docker, Terraform, GitHub Actions and AI Agents.
 - Collaborated on multiple projects to apply each topic practically through hands-on tasks.
 - Developed an advanced chatbot as an AWS Lambda function, integrating PostgreSQL and LangGraph AI Agents.

EDUCATION

- **University of Science and Arts in Lebanon (USAL)** – Bachelor's in Data Science
Sep 2022 – Aug 2025 | GPA:3.1

KEY SKILLS AND CHARACTERISTICS

- **Programming:** Python, Java, PostgreSQL, Git, Docker, Terraform
- **AI & Data Science:** Scikit-learn, PyTorch, Pandas, NumPy, Matplotlib, Seaborn, NLP, AI Agents (LangGraph)
- **Web Development:** HTML, CSS, JavaScript, Flask
- **Software:** Microsoft Office Suite, Excel (Advanced), Adobe Photoshop, Adobe Premiere Pro
- **Soft Skills:** Teamwork, leadership, communication, problem-solving

ACTIVITIES AND INTERESTS

Running, Swimming, Diving, Reading & Self-learning
